

Don't get mired in puzzling - take a break and play this game.

Puzzle #5-B

Welcome to the Police Station Game Room!

Why don't you check out this boardgame we found in The Professor's belongings!
It's pretty fun and it makes us feel better about losing the key to the lockbox.
Me and the boys have been playing all day.

You can enter the room to check out the game for 7 minutes.
That should be enough time to play through it, but you can check it out again.
Be sure to have it back on time or you will have points deducted!!!

It's called Charybdis!
